

U.S. HIGHWAY 10/169

Fairoak Ave and West Main St, Anoka

4 COST/ INVESTMENT

Project Cost:

\$86,800,000

LOCAL INVESTMENTS MADE:

- ✓ Median Barrier & Pedestrian Connections (\$1.4M)
- ✓ Greenhaven Parkway (\$3.4M)
- ✓ State and Local Funds Committed (\$43.1M)

INVESTMENTS REMAINING: 38.9M TOTAL

2 SOLUTION

Remove the signal at Fairoak Ave and replace it with an underpass; remove the signal at Thurston Ave and replace it with an interchange; and provide frontage and backage road connections between West Main St and Thurston Ave.

3 RESULTS

Reduce traffic delays by 90%; reduce crash rate by 67%; provide a safe and efficient roadway for motorists and pedestrians.

1 PROBLEM

Severe congestion and dangerous intersections on this section of U.S. Highway 10/169 due to the existing at-grade, signalized intersections at Fairoak Ave and Thurston Ave.
