Offense Level: Felony

Offense Date (on or about): 03/20/2020

Control #(ICR#): 20067578

Charge Description: On or about March 20, 2020, in the County of Anoka, Minnesota, DANIEL AARON RODMAN, did cause the death of a human being not constituting murder or manslaughter as a result of operating a motor vehicle in a negligent manner while under the influence of an intoxicating substance and the person knows or has reason to know that the substance has the capacity to cause impairment.

STATEMENT OF PROBABLE CAUSE

At approximately 6:36 PM on March 20, 2020, officers from the Blaine Police Department and Anoka County Sheriff's Office responded to a report of a motor vehicle which had struck a bicyclist in the 1200 Block of 129th Avenue, in the City of Blaine, within Anoka County.

Upon arrival, officers observed AJJ (a juvenile male, fully identified in the reports), lying on the roadway. AJJ had sustained extensive injuries, and was pronounced deceased at the scene a short time later. Witnesses described that AJJ and two friends had been riding bikes and skateboards eastbound on 129th Avenue when a silver car struck AJJ. Witnesses described that AJJ and his friends had been riding in the roadway, but were sufficiently off to the side to avoid impeding traffic, and that any oncoming traffic would have had a full opportunity to see them and avoid a collision.

Officers then observed a silver 2005 Saab at the scene which had significant front-end damage. Officers identified the driver of the Saab as DANIEL AARON RODMAN (DOB 4-17-1991), hereinafter the defendant. The defendant stated that he had finished work, had one beer at a friend's home nearby, and was driving westbound on 129th Avenue when he struck AJJ.

A preliminary PBT of the defendant registered a BAC of .011. The defendant also reported to officers that he was taking a number of prescription medications. Three different officers who spoke with the defendant independently reported the smell of marijuana emanating from him, however, the defendant denied using any marijuana.

A Drug Recognition Expert (DRE) was called in to examine the defendant. During his examination of the defendant, the DRE noted that there were several psychophysical indicators of impairment, including poor balance and inability to perform basic movement tests. The DRE also determined clinical indicators of impairment, such as eyelid tremors, elevated blood pressure and pulse, as well as large pupil size and rebound dilation. In addition, the DRE noted that several of the prescription drugs taken by the defendant result in elevated impairment when combined with alcohol and/or marijuana. The DRE concluded that the defendant was unable to safely operate a motor vehicle due to being under the influence of marijuana and/or prescription drugs and alcohol.

A sample of the defendant's blood was taken and is undergoing toxicological testing.
