I certify that at a meeting held _____, **20**____ the County Board took the above official action on this abatement. This action was duly adopted and entered upon the minutes of its proceedings as a public record, showing the names of taxpayers, other concerned persons and the amounts involved.

- Said real estate was bid in by the State at tax sale for the year ____ and the State has not assigned the same to any person. No redemption from such sale has been made. The time for redemption has not expired.
- A careful investigation has been made by the County Board of said County and by me as to the value of said real estate and of all the allegations set forth in said application. From this investigation, we are convinced and believe that the market value of said real estate at the date of this application did not exceed \$ _____, it would not sell at private sale for more than said sum, and it would be for the best interest of the State and all of the subdivision thereof interested in said taxes that the same be settled in some way so that said property may again become taxable property on the tax rolls of the County.
- In our judgment, \$ _____ is all that can be obtained in settlement of said taxes, penalties, interest and costs, and would be a desirable settlement of the same for the State and for all of the subdivisions concerned.
